"TOWN MEETING"

If the Town Meeting is to have any real vitality, serve any purpose other than that of providing semi-intellectual diversion for "foreigners" with a good deal of expendable time on their hands, it must have the active support of considerable segments of the entire community. It must consider subjects of real concern to people of varying interests, and its active direction must come from these same people. Unless they want it and are willing to do a good deal about it, it will hardly survive the experimental four sessions that have been provided for February and March.

The sponsors of his experimental Town Meeting have undertaken simply to get the project under way with the hope that enough people of desirous interests in the general community will feel that it offers such an opportunity for community service that they will take hold of it and carry it on effectively. This means much more than interested attendance, important as this is. It means helping to perfect a functioning organization, offering significant topics, being willing to prepare and serve as leader of discussion, and accepting the various responsibilities and doing the various chores that are involved in a successful co-operative undertaking.

The initial Town Meeting is set for Thursday evening, Feb. 13th, at 8, in the Lanier Club rooms.—

There will be an exhibit of paintings and photographs sponsored by the Lanier Club on Feb. 18th at the Episcopal Church Parish House. All Tryon artists are cordially invited to exhibit and are asked to call Mrs. George T. Moore, 197-J, for further information.—Adv. 7, 10, 12.

EXPERIENCED DRIVER desires job as a chauffeur. Can give the best of references. Write M. C. Patterson, Landrum, South Carolina.—Adv. 7, 10, 11, 12.
