CURB REPORTER

Weather Friday: High 61, low 43, rain 1.31; Saturday high 72, low 49; Sunday high 62, low 35 . . .

Have you ever been asked the question: "If you were blindfolded and were reaching into a barrel of socks, 50 of them white and 50 black, how many times would you have to reach in to be absolutely sure you would get a pair that matched, pulling out one sock at a time?" Large Crowd Expected At Elk Supper Tonight

Between 175 and 200 persons who have contributed to the Polk County Wildlife Club's sports park and fishpond fund are expected to attend the elk supper to be served at Sunnysdale tonight at 6:30 o'clock. Persons attending will be served in ample time to attend the theatre play and other entertainments later in the evening, a club committeeman said.

While all canvassers have not reported, there will probably be enough room at the festive board to accommodate late comers, but persons who haven't already done so are urged to get their tickets at once. Tickets may be obtained at Missildine's and at The Bulletin office. There may be a few available at Sunnysdale at suppertime, when a final check is made.
