## THE GARDEN CLUB

A group of garden lovers gathered at Mrs. Nelson Jackson's hospitable home Wednesday, for the regular meeting of the Tryon Garden Club. The subject was Pearson's Falls.

Mrs. D. C. Brundage, chairman of the committee for Pearson's Falls, read a letter from Donald Peattie, written from France yesterday, when an earlier club was considering the purchase of the tract. Mr. Peattie wrote that the vegetation there is unique, that there are 240 varieties of plants and flowers, and many mosses, algae, etc. He stated that there is nothing else like the glen in this general region, including Mt. Mitchell, and that certain plant species were first discovered there.

Mrs. Brundage introduced the guest speaker, Mrs. Marie L. Lord, of Burlington, Iowa, a member-at-large of the Garden Club of America, who gave a most interesting talk in which she praised the rare collection of flora to be found at Pearson's Falls. She mentioned an
