

## THE APPLE FESTIVAL

"Hendersonville is staging its annual Apple Festival in the days ahead, with an elaborate program of events. A part of this program is the showing of the apple orchards of the region by tour. Experts on horticulture will accompany the parties visiting the apple growing region in which some of the best apples are grown.

"This is an interesting and diversified region of the country we inhabit. In 40 miles there are the peach orchards of Spartanburg County, the grape vineyards of Tryon and the apple orchards of Polk and Henderson counties. And in these the best varieties of these fruits are produced.

"In the matter of flavor, it is established we believe, that Eastern apples, always win over the Western apple. And in Henderson County are some of the best apples grown."—Spartanburg Herald.
