"Citizen Byrnes" In Landrum

Manager Smith of the Civic Theatre, Landrum, states that he has secured the special short film, "Citizen Byrnes" to be shown in addition to his regular feature on Thursday and Friday of this week.

"Citizen Byrnes" is a film tribute to the success of James F. Byrnes and was promoted by Twentieth Century-Fox Film Corporation more than a year ago to show how in America a poor boy can rise to fame, fortune and position of honor and great service to his country.

"Films already in existence showing different phases of Mr. Byrnes' career in public life as a member of Congress, director of war mobilization, a member of the United States Supreme Court and secretary of state have been assembled and made into one picture."
