

Going to Burma In August, Turners Jr. Visit Parents Here

Mr. and Mrs. Eugene A. Turner Jr., are here for a few days for a visit with their parents. On Wednesday they go to Atlanta for a farewell dinner given by the "Gene Turner Fund", as a group of Georgia Tech and other friends, who for years backed Mr. and Mrs. Turner Sr., in their work in China, and now have taken Mr. and Mrs. Turner Jr., as they sail in August for Y. M. C. A. work in Burma.

The farewell dinner Wednesday evening is to be given in the Georgia Institute of Technology dining hall. Dean Cherry Emerson of Georgia Tech is to give the principal address on the history of the "Gene Turner Fund" and bespeak the good wishes of the Fund members as the Turners go to take up their work in Burma. A number of Tryon citizens who have long been members of the Fund are on the invitation list for the farewell dinner.

In Burma he is to undertake the organization of boys work on a national basis. Mr. Turner Sr., will attend the Atlanta meeting.
