LIBBY'S LINES

One of the loveliest golf courses anywhere in the country is the picturesque 18-hole golf course at Linville, less than a three hours drive from Tryon. The out of bound markers on so many of the holes are split rail fences bordered with flowers and green lawns of the lovely summer homes situated along side the fairways. Parallel to No. 2 tee is the home of the E. C. Griffiths of Charlotte. Mrs. Griffith who was chairman of the Linville Women's Invitational Tournament shoots in the 70's and low 80's, consistently and contributes to the success of the Linville and Charlotte Invitationals each year. As a frequent visitor to Tryon, Mrs. Griffith has played Tryon's golf course and participated in the Duplicate Bridge tournaments. Some of the banks of the mountain streams running through the Linville course are built of rock and others are terraced with logs, while foot bridges crossing over them take you through rhododendron and laurel in full bloom, overhanging the water. Grandfather Mountain, which is said to be the oldest mountain in the world, keeps a watchful eye over the small summer resort town which hasn't even a grocery store. A delivery truck comes each day and goes from house to house with fresh vegetables and fruits. Traditional Eseeola Lodge is still the center of events offering its guests golf, riding, tennis, swimming, and boating, and one of the 6 telephones in Linville. This summer cottage colony is an ideal spot for a peaceful and restful vacation in the mountains; and for golfers, it's a paradise.
