Mr. B. E. Samples, Chairman
Polk County Board of Elections,
Tryon, N. C.

Dear Mr. Samples:

As a member of your County Board of Elections, you will be able to be of great assistance in bringing out the full vote in your county, and I urge upon you that you do everything possible along this line.

It is very important that those who are entitled to vote the absentee ballot be given the full opportunity to do so.

We also urge full attention to the matter of stressing through your county newspapers, the importance of all citizens exercising the right of suffrage. The greatest protection our democratic way of life has is the continuance of the free ballot so that all may exercise this privilege without restraint of others. The more the people realize this, the more they will go to the polls and aid in the normal processes of sound government.

We are relying on your efforts for a full and free expression of the voters in the General Election on November 7th.

Everett Jordan, Chmn.,
