NEW FALL EVENT FOR TRYON ON DECEMBER 9

The Tryon Riding & Hunt Club is about for a new fall struck upon an original something never tried before in this country it is believed—a triple event to include Hunter Trials, Bench Show and Pack Field Trials, planned for visiting Masters of Hounds, their Field and 4 couples of hounds.

The triple event will be held Saturday, December 9th. Invitations to participate have been extended to Packs and Hounds at Aiken, Camden, Southern Pines, Shakerag Hounds of Atlanta, and the Tryon Hounds. Four packs have already accepted.

About 50 owners and riders from the various hunts are expected to participate. All will be in hunting colors and local officials expect the event to be the most colorful ever held here. Trophies and ribbons will be awarded in all classes.

The day's program will open at 10 o'clock on the Herbert Oliver estate in the Hunting Country where the Hunter Trials will be held, and will include lightweight hunters, amateurs to ride; middle and heavy weight hunters, amateurs to ride; and hunt teams of three hunters. In this last class a professional who is a staff member may ride.

Immediately following the Hunter Trials there will be a Bench Show for Hounds of all Packs, with classes as follows: Best Dog Hound, Best Bitch Hound, Best Pack of 4 couples.

Picnic luncheons will be served the visitors on the Oliver estate

Weather Monday: High 68, low 30 . . . There are so many activities underway in the community now that if a person is bored there is something wrong with him. He should go to a specialist. The Riding & Hunt Club is on the ball; the Chamber of Commerce has half a dozen projects underway. The Chamber of Commerce Industrial Committee will meet Wednesday morning at 9:30 at the Tryon Bank & Trust Co., to work out plans with those citizens interested in bringing the new industry to Columbus. Any public spirited citizen who desires to help provide jobs for many worthy people now has an opportunity. About \$18,000 is needed. What can you donate? It is much better to help people help themselves by providing good jobs than to give the money outright. Every property owner and business will profit directly or indirectly from the new industry. Every church, charitable and civic organization will also benefit. So when you give to this fund, you help the worker get a job, you add new members, new workers and new money to the organizations you are interested in. Look into the matter and give what you can. Your property will become more valuable because people will
