Weather Monday: High 58, low 26 . . . . The war continues in Korea as U. S. Forces get within 25 miles of Manchuria. Weather very cold there. . . Head of Venezuela assassinated . . . One of the nicest parties ever held in Tryon was the farewell reception given Monday night at the Congregational church house for the retiring pastor, Rev. Frank W. Murtfeldt. A large number of friends gathered for the fellowship and refreshments and gave farewell greetings. As a token of their appreciation of his services to the church and community a gift of over \$1,500 was made to him by friends. During his 7 years stay in Tryon Mr. Murtfeldt has endeared himself to many people even among those not of his church. They admired him for his sincere Christian life of service to others and the inspiration he gave to so many. He left Tryon this morning for his new home in Newburgh, N. Y., where he will live with his sister, but he plans to spend part of each year in Tryon with friends who have extended numerous invitations . . . . Some people expect something from the political pork barrel, but local politicians went on a big bear hunt in the mountains the other day and were not as fortunate as Daniel Boone.
