

Christmas Entertainment Here Wednesday, Dec. 20

Tryon Volunteer Firemen will decorate a large Christmas tree opposite Foodland on Wednesday, December 20th, and put on a program starting at 6:30 p. m. Santa Claus will arrive on the scene riding the big fire truck loaded with bags of candy and fruit for distribution to all the children present.

After the presentation to the children the older group will join in singing Christmas carols followed by square dancing in the street which will be roped off from Missildine's to the Supreme Service Station as it was done on Halloween night. W. W. Creasman of the Fire Department and Demus Chapman of the Tryon Chamber of Commerce are chairmen of the committee on arrangements.

CHANCES FOR PEACE

Tomorrow afternoon, Dec. 7th, at 3:30 p. m., the people of Tryon

and vicinity will have an opportunity to hear about the "Chances for Peace" in a talk to be given by Editor Donald Shoemaker of The Asheville Citizen at the Lanier Club meeting. At least that was his topic the last heard from him, but he felt that with the situation changing so rapidly in the Far East he might have to change his lecture to fit the latest reports from Korea. Public invited.
