

## "Monkey's Uncle" Jim Gibson Is, If It Isn't So

I'll be a "Monkey's Uncle" if the first production of the Tryon Little Theatre doesn't thoroughly entertain those who see it tonight or tomorrow night when it is presented in the Tryon school auditorium. The curtain will rise at 8:30 p. m., and from that minute until the minute that it falls at the end of the third act the show is packed with intriguing situations and amusing dialogue, guaranteed to keep you entertained.

For the past two days, I have been in close touch with the cast of "John Loves Mary" and with the production staff which has done so much to make the play the fine production that it is. All of these people have put in hour after hour of hard work to bring Tryon a good play. I am sure that I am now safe in saying that the only thing left to make "John Love Mary" a complete success is an appreciative audience.

George Newhall has built one of the most attractive sets that I have ever seen on our stage. Bob Millikin, Leonard Porter and Frenau Blankenship, have crawled rafters and hung from ladders getting lights and curtains in position to give just the right effect. It's almost a finished production—it will be "finished" when the people of Tryon turn out to

enjoy it one of the two nights.

And, as I said, if you don't enjoy it then—I'll be a "Monkey's Uncle."—Jim Gibson.
