OUR THANKS

During the last month we have sent personal letters of thanks to the many people who have so generously given money and encouragement to make possible our contacts with the Polk County boys in the services. We wish you to hear directly from those most concerned, the boys in the fighting line and in training camps, and Mr. Vining is generously giving space for 3 letters from the many we have received in the last week. You will undoubtedly be glad that the companions of our boys "sure do like the way Polk County treats their service men" and that our own are "proud of us."

The Home Friendly Club.
