

COLUMBUS NEW HOMES

Knox-Gramling Homes, Inc., of Gramling, expects to build 30 homes near Spartanburg this year, President Henry Gramling announced.

Also under way is construction of 25 homes at Union and several homes at Columbus, N. C. Homes at Columbus will be built as buyers order them, Mr. Gramling said. A large number probably will be needed for workers in the new Deering-Milliken woolen mill under construction at Columbus.

Homes will be for sale, most of them for \$6,000 to \$8,000. Persons who ordered homes in Clarendon Hills last year and weren't able to get them, will be given first choice on the new homes.

The homes are pre-cut "Knox Homes" from the Knox Mill at Thomson, Ga. Mr. Gramling said buyers placing their orders now may have their choice of exterior designs.—Spartanburg Herald.
