Weather Wednesday: high 91, low 68; rain .28; Rel Hum. 70. This week's July 28th Saturday Evening Post has an interesting article by Margaret Culkin Banning of Tryon and Duluth, on "These Fund Drives are Getting Me Down" The author reports the statements made by many people that they are tired of so many drives for money. Mrs. Banning points out that it is up to each individual to determine how much he shall give of time and money to various causes, for the gift without the giver is bare, and that in order to enjoy the spirit of the Good Samaritan, the cause must have the sympathy and interest of the donor. We must learn to budget our gifts and our time. These opportunities for voluntary service help to keep the country free and enable us to good things of our own free will. A Place To Rest

Some people have tried to be comfortable sitting on the stone wall in Dr. Preston's little garden opposite the post office. It seems fitting to provide something more comfortable for resting or looking over the mail.

A Home Friendly Letter

Frankfurt, Germany
July 20, 1951

Dear Friends of Polk County,

I received your letter of July. I was very glad to hear from home. I haven't written you before now. I have been here in Germany ever since the 29th of May. I have seen a good many interesting things over here but nothing to compare to those of good old Polk County.

Your letter said Joseph Owensby was here. We are just a few buildings apart. It is very nice to have someone around you know. He and I get together quite often and talk about things here. We are kept in close to the area so we can be ready if anything should come about. We are about 350 miles from the Russian border.

I am not much of a letter writer but keep the news coming and I will keep in touch with you.

Sincerely,
Robert Ormand
