Weather Wednesday: High 87, low, 68, Rel. Hum. 75 . . . Traffic at the Mill Spring crossroads is getting terrific and accidents or near accidents frequent. The Duke Power Co., has received an order to have a red and green light put up there. Last week a prominent civic leader of South Carolina was arrested for failing to see the STOP sign. There are so many other signs near the STOP sign that some motorists say they do not see it. The electric red and green sign should be visible. Another forward movement is the plan of the State Highway to brighten the road through Lynn and to build a new bridge wide enough for traffic both ways. This stretch of the highway is dangerous. A new road behind the Baptist Church and Story's Store would be a blessing to thousands of motorists and maybe save some lives as well as time and worry. At the same time the change should relieve the parking situation in front of Story's Store and the Church, making it safer for customers of the store and worshippers in the church and Sunday school. Every progressive movement of this kind improves property of the individual owners and promotes the general welfare of the county . . . Complaints have been heard lately
