

## CREASMAN HONORED

W. W. Creasman, Tryon Volunteer Observer is one of 31 North Carolinians who is being honored by Secretary of Commerce Charles Sawyer and the chief of the U. S. Weather Bureau Dr. F. W. Reichelderfer in recognition of their more than 20 years service as observers.

The Washington officials will write them a letter of appreciation and give each a copy of a book "The Co-Operative Weather Observer."

"Operating with simple standard gauges and thermometers provided by the Weather Bureau, the co-operative weather observer, regardless of the severity of the weather which he is to record, each day makes his readings and records them on a special form which he mails to Weather Bureau section offices once a month."
