HOME FRIENDLY LETTER

Sappore, Japan.

Dear Friends,

I have just received your January newsletter and as always was happy to receive the news from home.

I have left Korea and am now on Happida Island, at Camp Crawford. We have been here since Dec. 23rd and find the change restful, although I must say it has become rather boring after the first week when everything was new. It seems strange to go around doing the same thing every day, just routine after the excitement and action of Korea. However, it is pleasant to be able to get up in the morning and be almost sure that you will be well when night comes around again. Or to go to bed and not have anything to worry about except the things that people at home are worrying about.

I must tell you that this month's newsletter brought me the addresses of one of my classmates and friends of our school days. It was somewhat of a surprise to know that he is in the army and I am going to write him tonight. So, I must thank you again for the service you are performing for the fellows of Polk.

Sgt. William Fox.

Us folks that keep sending the same ole crowd back to Washington, sure are anxious to do everything we can to fulfill that promise."—W. M. Bissell.
