Dr. Wm. St. J. Jervey Joins Rutherford Hospital Staff

Dr. William St. Julien Jervey, formerly of Tryon, and for the past few years of Shelby, is going to Rutherfordton according to the following article in the Rutherford County News: "The Rutherford Hospital announces that Dr. William St. J. Jervey, a specialist in X-ray work (Roentgenologist) has joined the staff of the hospital as chief of the X-ray Dept. Dr. Jervey is well prepared to carry on all types of X-ray work, both diagnostic and therapeutic, in a most efficient manner. He has had much training and wide experience.

The hospital has purchased and is now installing the latest X-Ray equipment at a cost of \$50,000. It is being installed in rooms especially prepared with lead walls, floorings and ceilings. It will be several weeks before the new and modern equipment is ready for use. There is nothing in the South ahead of it and few in the nation that equal it. This department will have the most modern diagnostic, deep, and superficial therapy machines, flourscopes and all other accessories needed.

Dr Jervey is a son of Mrs. Allen Jervey of Tryon, and the husband of the former Miss Sue Sprague of Tryon. He is veteran of World War II where he served as an X-ray specialist. Following the war he was on the staff of a hospital in Charleston, S. C. for sometime before going to Shelby.

Mrs. E. O. Gilmore and sister Mis Margaret Bomar of Landrum are leaving Tuesday to visit their sister, Mrs. J. W. Frazer and Dr. Frazer at Elmore, Ala.
