Dye, American diplomat, who was stationed there for 9 years. Donkey Softball Tonight

The donkeys are coming! Different sizes, shapes and colors but all with their own individualities, or so says the manager of the Orange J. Ranch. They've been in the donkey business for a long time and think this is the finest group of baseball minded burros on the road. Each is a graduate of their "Donkey College" and is a past master at his own particular specialty, whether it is base stealing, sliding, bucking or just plain standing still. In case you haven't heard, they're to be used in the softball game tonight at Harmon Field under the auspices of the Columbus Chamber of Commerce.

All the players, excepting the pitcher and the catcher are to be mounted on the donkeys and are to run bases, field balls and to make all other plays while riding on the donkeys. And, what is more, they will have to cope with the donkeys' ideas as to what should be done on the field and in the game.

To add to the sport of the night, the sponsors have arranged for a complete floodlighting system to be set up at the Field and the entire game will be played under the giant lights.—Contributed.
