Vol. 25—No. 89 TRYON, N. C. TUESDAY, JUNE 3RD, 1952

Weather Monday: high 83, low 55, Rel. Hum. 56. . . Phillip Murray, head of the Steel Union calls a nationwide strike after the Supreme Court ruled the President didn't have authority to seize the industry. . . When Berkeley Mills its open house recently thousands of people attended and the business people of Hendersonville had large ads in the papers congratulating the mill and the community. We are sure Columbus and Tryon feel the same way about the new Hatch Mill at Columbus which will have its open house Wednesday afternoon. All the residents of the county are invited to attend and go through one of the finest mills of its kind in the world. It is offering opportunities to home folk who want employment and has already brought back to the county many young people who were forced to leave years ago in order to make money to meet their standards of living. The newcomers who have not been here before have been welcomed in various civic activities and are meeting their responsibilities of leadership in Church, School, Scouts, Chamber of Commerce, Country Club, Rotary, Kiwanis, Lions, wherever they are needed throughout the county. They are making contributions in personal service as well as in money. All progressive citizens WELCOME YOU. . . We lost a communication from EPH GOODLOE the other day which stated that his wife was at Tryon, N. C. and becoming enthused over golf. She made an 84 and was going back the next day, if it didn't rain, to try for the next hole. W. M. Bissell should be moving to his home on Lake Lanier soon. . . Tryon Kiwanians
