MAN IS SINFUL

Bishop M. George Henry, head of the Diocese of Western North Carolina, spoke to the Kiwanis Club Tuesday at Oak Hall on Communism.

Bishop Henry stated that communistic ideals are very similar to our own Christian Religion's Kingdom of God. The speaker felt that the big difference is in their conception of man and sin. The communists believe that man is perfect and that if they can rid themselves of the bourgeoisie then man will be classless and live in peace and harmony.

The Christian idea is that man is born with sin and no man is perfect. This brought on the limitation of powers in our government and provided for our system of checks and balances. According to the American belief, any man given power will use it for his own selfish means and will take advantage of those weaker than he.

Bishop Henry also stated that any man given complete security from the cradle to the grave, which is what the communists and socialists promise, will deteriorate. They no longer strive to improve or to get ahead. He felt that the greatness of our civilization is largely dependent on the competition that has brought about our many improvements.

Dr. George S. Vosburgh Jr. was inducted into the club and Rev. Charles L. McGavern was a guest. The speaker was introduced by Harold Griffith. George Marting was in charge of the program.
