LUMBER PLANT FIRE

Tryon Builders Supply lumber plant near Bird Mountain caught on fire Tuesday about 5 p. m., in the shavings room.

Tryon and Landrum Volunteer Fire Departments were called and the flames were soon brought under control. The fire was kept within the shavings room and boiler room. Approximately \$1,000 damage was done, mostly to the roofs of the shavings room and boiler room. No machinery or good lumber was destroyed. The plant went back into operation Wednesday morning.

Chief Birch Arledge of the Tryon Fire Department said the Landrum Fire Department did a good job in coming to the aid of the Tryon Department, thus demonstrating the importance of mutual aid. Alex Arledge of the Builders Supply was high in praise of both departments, and said their prompt work saved the lumber plant.
