

THE TRYON DAILY BULLETIN

The World's Smallest DAILY Newspaper.

Seth M. Vining, Editor

Vol. 25—No. 279 TRYON, N. C. TUESDAY, NOV. 18TH, 1952

Weather Monday: High 78, low 38, Rel. Hum. 41 . . . There are so many things to claim our attention that it takes a long time frequently for even important events to wake us up. A lot of people are just beginning to realize that the important "Mikado" which ran so successfully in New York City will be in Spartanburg Wednesday night at the Memorial Auditorium, and that some tickets are available thanks to the largest auditorium in this part of the country . . . Thursday will be a full day in Tryon. The new Plymouth will be on display at Donald Motor Co., the Duplicate Bridge Tournament at Oak Hall, practices for Congregational, Baptist and Methodist Churches, plus a subdistrict missionary meeting at the Methodist; the P.-T. A. also meets Thursday night at the school to hear the Superintendent of the Spartanburg City Schools and also visit the classrooms. . . They say a mob of people saw Aunt Jemima in Greenville last Saturday and John Cowan is getting ready for her visit to Tryon this Saturday. The Quaker Oats people will have four representatives at the store all day to tell customers about pancakes. Borden's Milk, Staley's Maple Syrup and Swift's Allsweet companies will also have representatives

THE NEW PLYMOUTH

The 1953 Plymouth will be presented to the public throughout the United States on Thursday, Nov. 20th, Donald Motor Co., announced today.

"Advanced engineering and styling make the new Plymouth more than ever before the outstanding car of the low-priced field," John Donald said.

The 1953 Plymouth models will be on display at Donald Motor Co.

The 1953 Plymouth is the most completely new Plymouth to be presented to the public in the quarter-century since the original model rolled off the assembly line.

Plymouth Motor Corporation executives predict motorists will be delighted with the new, streamlined exterior, the luxuriously tailored harmonizing interiors, the increased horsepower and the scores of engineering innovations in the 1953 line which goes on display in dealers' showrooms on November 20th.

"This year Plymouth is introducing a new concept of automobile design in the low priced field," President John P. Mansfield declared in describing the 1953 models. "Superb styling is coordinated with radical engineering development to produce the truly balanced car for easier, safer and more comfortable driving."

Height of the new Plymouth has been reduced for improved appearance. Y. engineers have designed even more room into the car's interior and luggage compartment. The 1953 model has more headroom, greater legroom and more hip and shoulder space than ever before.

The lively and dependable Ply-
