Vol. 25—No. 317 TRYON, N. C. FRIDAY, JANUARY 9TH, 1953

CURB REPORTER

Weather Thursday: High 55, low 50, rain .78, Rel. Hum. 95 . . .
A television set for \$25, electric ranges, \$25, refrigerators, \$10 and a lot of other household things ridiculously low prices are all figures you have to put down on your personal property tax report, according to Tax Supervisor James E. Johnson. But you must list or pay a penalty for not listing, and it is pretty hard to hide television aeriols or avoid inspection by tax accessors. But the officials are placing everybody on his honor to tell the truth, the whole truth and nothing but the truth. The \$25 listed for your television is not the actual value, but an accepted flat rate for taxation purposes. Your \$25 television set multiplied by the tax rate of \$2.10 if you live in the county, will cost you a little over 50c added taxes. If you live in Tryon township with special tax rate, the rate is \$2.45. If you live in Tryon another \$2 city tax is added making a total of \$4.45 on each \$100 valuation, or about 4½c on the dollar. Your television set will increase your taxes about \$1.25. The farmer who owns a dog has to pay the county a flat tax of \$2. If he lives in Tryon a \$1 license tag is added, making a total of \$3 tax to own a dog. It's cheaper to own a television set as far as taxes are concerned than to own a dog. All personal taxes must be listed this month, or a penalty will be added making it cost you more in the long run. The County Commissioners are hoping to lower the tax rate by making a thorough collection to bring in the additional revenue impartially from all taxpayers.
