## ANOTHER SALE IN APRIL

The second section of the Episcopal Men's Azalea Sale, which will feature Kurume and Kaempferi Azaleas is coming the middle of April, when these varieties will be in bloom.

We note that there is going to be another Azalea Sale this spring in addition to the one on Friday, at Holy Cross Episcopal Church by their Men's Club. Only Camellias will be added to the sale this time, and there are going to be two sales, not just one. Contrary to popular opinion, many varieties of Camellias cost no more than comparable azaleas, and are equally hardy here in Tryon. Even the so-called "expensive" varieties are dirt cheap at the low prices which the Men's Club are featuring. The reason why there are to be two sales is that the plants are coming from two nurseries. At one, the plants are in bloom now, at the other they will not be flowering for another month. So, to be sure that you can see what you are buying, they are staging two sales.—Cont.
