Hospital Exchange Needs

The Policy Committee of St. Luke's Hospital Exchange has decided to appeal for more donations for its sales shop.

In view of its first year's experience in selling articles on commission, hereafter the shop's commission will be 25% of the sales price, except on articles heretofore accepted on the 20% basis. The 20% rate heretofore in effect does not provide sufficient margin against selling costs.

Articles accepted on consignment in the future must be worth the minimum selling price of \$1, except for articles of children's wear which will be accepted for sale at prices under \$1.—Cont.
