St. Matthew Passion, a new kind of art film, will be brought to Tryon by the Lanier Club next week, Thursday, March 26th, at 8 p. m., in the Congregational auditorium.

The greatest masterpieces in art history "act" in this picture to the music of Bach. It was filmed in the museums and cathedrals of Europe, and portrays the passion of Christ.

Art and music have been welded into an organic unity, a film-music-drama, that is as new as it is overwhelming.

Virgil Thompson of the New York Tribune says of the picture: "It was, to this listener, extremely impressive as a musical film. A recitative of such heart-rending character is unique to this work; it is as high above speech in its expressive beauty as the work of the great painters is above what actors could have done with a pantomime of that plot."—Contrib.
