

TOWN NEWS

The Town of Tryon recently purchased some new equipment for its street department including a truck and Caterpillar motor-grader. The Street Department has been active the past few days drilling and dynamiting rock between the Rock Grill and the ABC Store where additional parking space is being made. The State Highway Department is removing the dirt with big shovels and trucks. A long line of 10 inch water main is along Highway 108 in the town limits to the Rock Bridge and will be put in the ground soon. This was necessary to take care of water customers in that area. Consumers have outgrown the six inch line. Mrs. Charles MacDonald has been appointed registrar for the coming municipal election. Election judges will be announced later. A three lane highway will be marked off soon at the Wilkins corner, intersection of Highway 108 with No. 176. Traffic bound toward Columbus will be permitted to go straight through the red light. Traffic headed toward Saluda and Asheville will take the center lane and wait for the green light. The Town of Tryon office is undergoing remodeling to improve efficiency of the office and convenience of the taxpayers.

The Coleman Pool Co., of Greenville is building a 16 x 34 swimming pool at Lynncote for Mr. and Mrs. C. P. Rogers.

AN INVESTMENT

We have an attractive house you can make as large or as small as you like. It is large enough for apartments upstairs or downstairs. You can use one and rent out the others, or buy it just to rent to others. Good location, beautiful views, restful and cool in summer. This place will fit many needs. Let us tell you about it.

We also have some other beautiful homes that may be just what you are looking for.
