To Red Cross Canvassers

From the limited number of reports turned in so far by the canvassers in the Red Cross Annual Fund Campaign, it is obvious that a lot of work must be done before the end of the month to put the campaign over the top. You are urged to try to complete your calls before that time.

If some of the prospective donors in your territory prefer to bring their donations direct to the bank you will get the proper credit. If for some unforeseen reason you are not going to be able to complete your solicitation, please notify Betty Frost, 315-R. Canvassers in the county may send in their reports through the Home Demon-

stration Clubs or take them to the office of the County Farm Agent in Columbus or the Tryon Bank & Trust Co. *That a child may walk—that a soldier may live—support the Red Cross Fund appeal.*
—Betty Frost, Co-Chairman.
