TRYON, N. C.

WEDNESDAY, MAY 20, 1953

Weather Tuesday: High 76, low 64, rain .32, Rel. Hum. 75 . . . President Eisenhower says taxes must remain high for awhile in order to meet expenses . . . World news about the same. New storm in Louisiana. . . Henderson County will observe Mecklenburg Day on Wednesday commemorating the signing of the Mecklenburg Declaration of Independence. The banks, city and county offices will be closed all day, and Mayor A. V. Edwards of Hendersonville has proclaimed Saturday as Poppy Day. . . Many friends in Tryon were shocked Tuesday afternoon to learn of the sudden death of Mrs. Edmund M. Wylie. As the wife of a minister, and his able helpmate during the time Dr. Wylie was pastor ad interim of the Congregational Church here, she endeared herself to many by her genuine neighborliness and interest in the welfare of others. As homemaker and church worker she was tops but she did not stop there. She was interested in the community as a whole and was a leader in the Lanier Club and Garden Club and in the program for beautifying Tryon. And the love of many goes out to the bereaved family.

There are about 35,000 plants in the U. S. processing milk, butter, cheese, ice cream and other dairy products.
