TRYON, N. C.

THURSDAY, JUNE 25TH, 1953

Weather Wednesday: High 91, low 62, Rel. Hum. 62. . . The most critical time in Tryon and Columbus Friday is that period between 12:30 and 6:30 p. m., when volunteers will go to the Parish House in Tryon or Stearns school in Columbus to donate blood to the cause of suffering humanity in our communities as well as to the armed forces and those in need all over America. It is a swap and trade system. We donate blood while we are strong and healthy with plenty to spare; then when our loved ones need blood we will draw from the generous supply donated by other patriotic citizens for our benefit. . . . Carroll P. Rogers has returned from several meetings in the eastern part of the State. He was on the commission meeting at New Bern making plans for the restoration of Tryon Palace, and then at Raleigh for a meeting with the State Stream Sanitation Committee of which he is a member. . . . L. W. Anderson will be in charge of the Tryon Rotary Club program Friday at 7 p. m. at Oak Hall hotel, and will have a banker from Charlotte as guest speaker.

Mr. and Mrs. Robert Barber of Tryon are parents of a daughter born June 25th, at 10:20 a. m.
