Mrs. Byron Rector's Brother Missing In Private Plane

Dr. H. G. Settle of Fort Mill, S. C., a brother of Mrs. Byron Rector of Tryon, has been missing in his private airplane since Tuesday morning when he left the Charlotte airport to attend a medical association meeting in Charleston. He never arrived in Charleston and no one reports having seen the plane since it flew over Camden, S. C., about 10:30 a. m.

A number of Tryon friends have enjoyed their vacation at Dr. Settle's summer home in Blowing Rock, and it was there two weeks ago that he fell and sustained a brain concussion, and about two years ago he "blacked out" while driving his automobile.

Friends and relatives fear that something has happened to Dr. Settle instead of the plane which was checked before it left the airport.

Over 35 airplanes of the Civil Air Patrol have been searching over 10,000 square miles in the area between Camden and Charleston, and officials state that the hunt has been very discouraging because there have been no clues.
