COMMUNICATIONS

Dear Mr. Vining,

We would like to take this means to express publicly our appreciation to the civic clubs of Tryon for the help they have given and are giving to our high school athletic program. Again this year the Rotary Club has underwritten the cost of our football insurance, which has been of great help to the boys. Had the Rotary Club not done this, each of our boys would have had to pay a premium of eight dollars. The Kiwanis Club has done us a great service in taking over the handling of the gate receipts at all our home football games. This project of the Kiwanis Club has relieved our teachers of this extra work. The members of the civic clubs have also assisted us as individuals in selling season tickets, providing materials for marking our field, giving publicity to our athletic events. The success of our athletic program will be due to a large extent to the support we get from these civic groups and other citizens interested in our young people.

Sincerely,
David H. Prince, Coach
Tryon High School

Executive Director of Wildlife Commission To Speak Here

The Men's Garden Club of Tryon invites the public to its meeting at Oak Hall on Friday, September 25th to hear Clyde Patton, Executive Director of the Wild Life Resources Commission of N. C. speak on the proposed project for Holbert's and Green River Coves in Polk County. The talk will be given after dinner at 7:30 p. m.
