## State Leaders To Speak

Raleigh, Sept. 29—What appears to be the largest radio audience ever to listen simultaneously to discussion of a North Carolina issue will hear a program on the public school and mental hospital bond issues Wednesday, September 30, at 8:00 p. m.

At that time Governor William B. Umstead, Sate Superintendent of Public Instruction Charles Carroll, and Dr. David Young of the State's mental hospitals will discuss the bond issues, on which North Carolinians will vote Saturday, October 3.

The program will originate from the studios of WPTF in Raleigh and will be carried by more than 100 stations. Most of these stations will carry the program simultaneously, but a few will record it at the hour of broadcast for presentation at a later hour, because of prior commitments.

## Shifts in Football Line-up

Monday the Tryon High team went through a stiff workout, stressing fundamentals. Tom Arledge put the boys through a rough session of blocking and tackling while Coach Prince worked with his reserve backfield of Frank McGraw, Bud Lindsey, Don Cawthray, and Arthur Ridley. In a short scrimmage drill Bud Lindsey broke away for several nice gains while Bob Henson and George Ford looked good on defense. To bolster the right side Ronnie Ross is being tried at the tackle spot with Lynwood Thompson or Dan Edwards moving to fullback.

George Marting has returned to Tryon from Cleveland, Ohio and is making his home at Oak Hall.
