TRYON, N. C. TUESDAY, OCTOBER 6, 1953

Weather Monday: high 84, low 49, Rel. Hum. 63 . . . The World Series is over and the Yankees won their fifth straight championship in the final game by a score of 4-3 breaking a ninth inning 3-3 tie. Brooklyn was behind 3-1 at the beginning of the ninth. Trade Street had plenty of parking spaces Monday as many people stayed home to see the game by television. Only those who had to work were on the job . . . President Eisenhower asks for court injunction to stop waterfront strike at New York . . . State Senator John D. Larkins expected to run against Senator Alton A. Lennon next spring for seat formerly held by the late Willis Smith . . . This is FIRE PREVENTION WEEK as well as National Newspaper Week. One thought calls for prevention of fires that destroy our property and lives. The other thought calls for fires that will burn within our lives to spread knowledge to all peoples and to fire our souls with a desire to build properties, build better communities and to build happiness and all the good things in life that make for happiness including the four freedoms. A free press is our best guarantee of freedom of speech, freedom of religion, freedom from want and freedom from fear.

World Community Day Set For November 6

The Tryon Council of Church Women has started plans for the interdenominational observance of World Community Day, Nov. 6 at 3:30 p. m. in the Episcopal Parish House.

The service will be a climax of a clothing collection to help relieve human suffering in the world today. Millions of fellow human beings cry to the churches of America for help. Articles needed are clothing for all ages, shoes (tied together—not high heels), quilts, blankets, sheets, pillow cases, towels, wash cloths, yard goods and knitting wool. Also needed are sewing, school and medical kits. The chairman says, "Please start your box today."

Boxes will be placed in the churches for contributions or wrapped gifts may be left at Cowan's Super Market.
