

BETTY STURGIS SHOP

Open until 9 Tuesday night. A Holiday Hat is almost a necessity—and we have just what you need to brighten up your head for Christmas—just a little wisp of pastel feathers — or a veil held on your head with brilliant wings, or a pastel velvet hat that just perches on your head—to make your Christmas party costumes a bit more sparkling and gay.

We are also most happy to announce the arrival of some beautiful beaded sweaters and exquisite real lace trimmed pure silk gowns and slips—as well as some nylons trimmed with real French nylon lace. Our Christmas gifts have sold so well that we have come to believe they are good.

Eugene Turner, treasurer of the Congregational Church, where this year's Union Thanksgiving service was held has received a letter of thanks from the Church World Service director in appreciation of the offering of \$103.37 which the service gave this year. In addition to widespread emergency conditions, Church World Service, is helping with a new Anti-T.B. program in Korea, in the erection of homes and development of small scale industries for refugees in Honkong, and meeting the desperate conditions of the Arab refugees by supplying food, clothing, and welfare service to children. Mr. Turner was pleased to see that the letter of thanks from the Church World Service was signed by a former China missionary friend.—Contributed.

Mr. and Mrs. Vance A. Derby of Waynesville will spend the Christmas holidays with Mrs. Derby's grandparents, Mr. and Mrs. Daniel P. Mitchell at their home, Knollwood, in Gillette Woods.
