

GREETINGS SANTA CLAUS

One Tryon man who for years enjoyed playing the part of Santa Claus by promoting Christmas programs, such as Christmas trees for the white children and one for the Negro children, is Charles J. Lynch. He has been ill at home for some time and is not on Trade Street this Christmas. This would be a good time for many youngsters to send him greetings of best wishes and let him know they remember him for his many kindnesses. For many years through the Kiwanis Club he promoted the distribution of baskets of food and fruit, and helped deliver them all over the county to needy families. He also had many private projects where he helped the aged and needy throughout the year. He was a Santa Claus to a lot of people of all ages, but in recent years hundreds of kiddies regardless of need remember him for his cheerful greetings and sticks of chewing gum. He never failed to have a supply. He and Mrs. Lynch always held open house to their friends during the

Christmas season and the best wishes of many grateful people are extended to Mr. and Mrs. Lynch this Christmas.

Mrs. Claude Scoggins was the lady to win the Debutog raincoat at Ballenger's Tuesday night. Her name was selected from over two hundred others registered.

Erupting Volcanoes

Two new volcanoes appeared in recent months, according to the American Peoples Encyclopedia. One of these, El Boqueron, broke out on San Benedicto Island, 250 miles off the tip of Lower California. Within a few weeks it attained a height of 1,250 feet, with a crater a half mile wide and 300 feet deep. The other volcano Didicas, rose 250 feet above sea level to form a 600-acre island off the north coast of Luzon, Philippine Islands.

Total United States tobacco production this year is estimated at 2.04 billion pounds.
