URANIUM RUSH

A new townsite in the Beaverlodge uranium field in Saskatchewan, Canada, is called Uranium City, according to the American Peoples Encyclopedia 1953 Yearbook. The town was laid out last year and claims were opened to public staking. A thousand claims were recorded. The Canadian government's Eldorado corporation

planned to bring its Ace mine in this uranium field in production.

No need to worry about stains and spills if your furniture is upholstered with fabric-like plastic. You can wipe it off fresh as new with soap and water.
