BEST C.A.F.E.

Ford has the best Corporate Average Fuel Economy of any major U.S. car maker. C.A.F.E. is the government's measure of auto companies' progress in gas mileage each year. It is an average using the EPA rating system and projected 1980 total model year car sales mix as submitted to the U.S. government in December, 1979.

Only Ford among the major U.S. companies ranks first on this basis.

Remember, C.A.F.E. is an average, so consult EPA ratings for individual car's mileage.

*1980 EPA ratings for comparison. Your mileage may differ depending on speed, distance and weather. Actual highway mileage will probably be lower.
