

## Block House Draws Community Involvement

From power for the Tower to jumps to prize money for the races, the Block House Steeplechase is a product of community pride and volunteerism.

Not only do Steeplechase committees serve many long hours with no more reward than the sense of a job well done, but over 250 members of civic and professional groups contribute time and energy to making Race Day (April 5 this year) Polk County's biggest event of the year. Groups helping this year's Steeplechase effort are: Tryon Kiwanis Club (Gate), Polk County Jaycees (Gate and Program Sales), Tryon Boy Scouts (Parking), Polk County and Landrum Rescue Squads (Medical Aid), Polk County Sheriff's Dept., N.C.-S.C. High Patrol and Tryon Police Dept. (Crowd Control), Tryon Boosters Club (Concession Stand), Tryon Volunteer Fire Department (Fire Prevention).

Companies contributing to the Steeplechase's success are Duke Power (Tower power), Mid-Carolina Telephone Company (Tower telephone), McFarland's Funeral Home (Marquees).

"Individual contributions of both money and time, have been the single largest success factor

for our races", says Steeplechase Chairman Tim Brannon. "Whether individuals band together to lend group support or whether people help individually, we owe a lot of gratitude to the people of this community.

"By early March, one Steeplechase supporter had already delivered a check to the Tryon Riding & Hunt Club earmarked for purse money. He'd heard that Atlanta's commercial sponsor had upped their prize offerings, and he wanted to help us out. It's that kind of attitude that makes the Block House Races special."

Mrs. William H. Siebrecht of Tryon has as guests her daughter and family, Mr. and Mrs. Michael Callahan and children, Michael Jr. and Sierra of Boston.

# HEALTH THRU CHIROPRACTIC

Gary W. Rowland, D.C.

## If You Think You're Healthy, Read This

Perhaps you have never been blessed with natural health...natural health that comes only when you have a perfect, unblocked nerve system. I'm talking about the solid "yours-for-life" kind of health that gives you boundless strength and energy for the day's work...builds firm tissue and muscles all over your body...fights off the usual deterioration of "middle age"...brushes aside sickness, shrugs off ordinary aches and pains...rewards you continuously with that "isn't-it-great-to-be-alive" feeling...day after glorious day.

Yes, that's the kind of health I mean. Not one person in a hundred has it today, but chances are you can enjoy health like that...if you are willing to open your mind to a new look at life and health.

All healing of lasting value comes from within the body. You were born to be healthy, and health is within you now. But good health depends on good nerve function.

Nerves are the electrical system of the human body, and the spinal column is the "switchboard" controlling health.

The doctors at the Kale Clinics have spent years studying and learning the innermost secrets of the human nerve system. Their objective is to locate and correct the nerve trouble that may be causing the abnormal functions and disorders in your body. By freeing the "blocked nerves" the chiropractor releases nature's wonderful healing power.

At The Kale Clinics Results Are What Count.
