The Polk County Homebuilders Association was organized October 1, 1979. It comprises of Associate members and Builder members working together to form a team for the advancement of the Building Industry in this area. The Association is the responsible spokesman for the Building Industry in our community. The 42 members meet each month to exchange information and promote concepts that support the Homebuilding Industry. If you are interested in becoming a member you should contact any of the local members for additional information.
