Vernon Dusenbury, Supt.
 Tryon City Schools

Dear Vernon:

Our Trout Unlimited Fly Fishing School last Saturday was a rousing success. Tryon afforded some bragging weather and your facilities at the High School fitted our needs perfectly. We are indeed indebted to you and Joe Wray for such a perfect demonstration of your Tryon Community Schools Project at work.

Accept our sincere thanks for again adding so much to the success of this project which will enable us to carry on our conservation programs with more funds and more manpower.

Cordially yours,
 Wallace W. Lockwood

"Family And Consumer Law"

Sunday, March 23 was the beginning of a series of eight television programs presented on UNC educational television. The series is entitled "Family and Consumer Law."

The program will be shown at 2:30 p.m. for the next seven Sunday on all of the university network stations. Each program is based on problems concerning families at different stages of the family life cycle, and is directed toward the general public in language they can understand. The program was produced by Mary I. Murrill, a member of the N. C. Young Lawyers Association and features lawyers from throughout the state.

Even if you missed the first program, you will find the remaining series very informative. — Home Economics Extension

Another 7 to 11 percent hike in food prices is forecast this year by the U. S. Department of Agriculture. Nearly three-fourths of the increase will go to the non-farm sector to pay for marketing costs.

The U. S. Department of Agriculture predicts this year's farm export volume should approach a record 150 million metric tons. That's up from 137 million last year.
