Weather Tuesday: high 71, low 38. Wednesday was another delightful day.

President Carter took the Democratic primaries in Wisconsin and Kansas and Ronald Reagan took the Republican primaries Tuesday.

The 35,000 city transit system workers are on strike in New York and commuters walked, rode bicycles, roller skated, boated, to their jobs. Some put up cots in their offices and others stayed at hotels. A Wall Street advertising director said that "It looks like Dunkirk".

The N. C. Supreme Court ruled Tuesday that Greensboro city public schools may collect reasonable instructional and course fees from students. The court reversed a March 19, 1979 decision by Guilford Superior Court Judge Charles Kivett who found the fees unconstitutional.

The executive board of the Major League Players Association voted Tuesday to cancel the remaining exhibition games but agreed to open the 1980 season on time, delaying possible strike action until May 22. The baseball public doesn't seem too concerned if they stay out on

Town Water System Maintenance Schedule

Beginning Sunday night, April 13th and continuing for approximately one (1) week, the Town Utilities Department will be working in the late evening hours on maintenance of the water distribution system. As recommended by the American Water Works Association and the North Carolina Division of Health Service, twice each year, once in the spring and again once in the fall, the entire water distribution system including the storage reservoirs are systematically flushed-out. The purpose of this maintenance is to improve the water quality by open discharge of the lines and also to check operation of each fire hydrant.

This work will be done during the off-peak night hours of between 10:00 p.m. and 5:00 a.m. The Town water system will be divided into sections and each section will be flushed-out by the opening of fire hydrants. This process allows the pressure and surge of the water in the lines to flush-out iron corrossives and alum perceptitates. Town water customers may experience discoloration or sometimes referred to as "turbidity" from this flushing process. This discoloration will go away quickly and is not harmful in anyway since the water contains a high chlorine residual. If you have any questions you may call the Town Office (859-6654) during regular business hours.

To Sing Here

Meg Rivier

Versatile, spirited German-American song stylist Meg Rivier will perform twice at the Tryon Fine Arts Center Saturday, April 12, at 2:15 and 8:15 p.m.

Known from Cape Cod to New Orleans simply as "Meg", the Frankfort-born singer-guitarist is on the road eight months from her home in Hickory, N. C.

Her repertoire is boundless, containing Spanish, French, and German songs with American numbers ranging from the popular favorites to what Meg calls "folksy-gospel". In some renditions, she is said to rival Joan Baez.

Gary Mahler of Maryville, Tenn. and Jock Stafford of Greensboro will spend the weekend with their grandmother, Mrs. Ernst Mahler at Chinquipin Farm in the Hunting County.

Isothermal Commission Elects Officers

At the March 11 regular Board meeting, the Isothermal Planning and Development Commission elected officers for the upcoming year. Bill Weaver, Shelby City Councilman, was elected Chairman; Bob Irvin, Rutherford County Clerk and Personnel Director, was elected Vice-Chairman; and Opan Sauve, Polk County County Commissioner, was elected Secretary-Treasurer. These officers, plus four other Commission members, will compose the Commission's Executive Committee. The other four members are: Gladys Gibbs, Old Fort Town Councilwoman; Ned Gibson, Spindale Town Councilman; Hugh Dover, Cleveland County Commissioner; and Cater Leland, Jr., Mayor of Saluda. These officers will serve for one year.
