Spinning Workshop

Mrs. Persis Grayson, weaver and spinner of Kingsport, Tennessee will conduct a two day spinning workshop at Tryon Crafts, April 15th and 16th, 1980.

Mrs. Grayson is past President of Southern Highland Handicraft Guild, charter member of the World Craft Council and Handweavers of America. She has an extensive study and teaching background, is a lecturer and judge, as well as contributing author and editor and consultant to businesses and magazines.

The workshop will consist of lectures, demonstrations, discussions and learning to spin on various types of spindles and spinning wheels. She will work all types of fibres, except wool, including flax, cotton, silk and synthetics.

A spokesman said, "Tryon Crafts is indeed fortunate to be able to present this workshop with such a well known and personable spinning expert." Mrs. Grayson stops here on her way to the dedication of the new Folk Art Center in Oteen, which will also be attended by Mrs. Joan Mondale, wife of the Vice President of the United States.
