Listed In Top Ten

First Federal Savings and Loan Association of Hendersonville has moved into the top ten associations in North Carolina according to a ranking prepared by the North Carolina Savings and Loan League. In terms of total assets, First Federal moved from 11th to ninth in 1979. The association ended the year with \$202.6 million.

"This move is significant", according to First Federal President, William McKay. "We feel the new ranking firmly places us among the leaders in the state. The growth we experienced in 1979 is an indication of the confidence placed in our association by our customers in each of our four markets".

"All of the other associations which placed in the top ten operate major offices in the largest metropolitan areas in the state. First Federal was the only association to rank so high which strictly has facilities in small markets."

The savings and loan was also the only association to place in

the ranking west of Charlotte. Other associations in the report operate offices in Greensboro, Raleigh, Charlotte, and Winston-Salem. First Federal has offices in Hendersonville, Fletcher,

Marion and Brevard. The association has filed application with the Federal Home Loan Bank Board to establish an office in Tryon.
