### Educational Film

The public is invited to a series of educational films by Dr. James Dobson to begin Tuesday evening, April 15 at 7:30 o'clock in the Tryon Seventh-day Adventist Church, and continue each Tuesday evening for six weeks.

The film titles are: The Strong-Willed Child; Shaping the Will Without Breaking the Spirit; Christian Fathering; Preparing for Adolescence: The Origin of Self-Doubt; Preparing for Adole-

science: Peer Pressure and Sexuality; What Wives Wish Their Husbands Knew About Women — The Lonely Housewife; and What Wives Wish Their Husbands Knew About Women -- Money, Sex and Children.

Dr. Dobson is the author of several books. He is Associate Clinical Professor of Pediatrics at the University of Southern California School of Medicine, and also Director of Behavioral Research in the Division of Child Development for Children's Hospital of Los Angeles.

He is an active Christian layman, and teaches a church school class. His entertaining and straightforward ideas about families and their problems are based on scriptural principles.

Each film lasts one hour or less. There will be no admission charge.

Mrs. Charlotte Batt and daughter, Mary, have returned to Rocky Mount after visiting Mr. and Mrs. Robert E. Hood on Rippy Rd., Tryon.

## Chiropractic Not A Cure All

Many people have asked me why chiropractors claim to cure everything. The real truth is chiropractors do not claim to cure anything. They remove nerve root irritations which interfere with the normal transmission of mental impulses from the brain to various organs. This is why such conditions as asthma, bursitis, common colds, sciatica, bronchitis, and headaches, respond with amazing results to chiropractic care.
