

Do You Feel Appreciated?

Are you, Parents, sure that you know how to "train up your children in the way they should go?" Are your children already into enjoyable adolescence, or are you anticipating this stage of life with eager anticipation? And do you, Wives and Husbands, feel secure, appreciated and appreciating?

If your answers to the above questions are all "Yes", then the only benefit you might gain from each "Focus on the Family" film is an hour of delightful entertainment. But if you need help in any of the areas

mentioned then why not take advantage of Dr. James Dobson's expertise and enjoy a combination of entertainment and education.

The films will continue for the next five Tuesday evenings, April 29 through May 27, at 7:30 o'clock in the Tryon Seventh-day Adventist Church. There is no admission charge, but an offering will be taken to help defray expenses.

Titles of the features are: "Christian Fathering"; "Preparing for Adolescence: The Origins of Self-Doubt"; "Preparing for Adolescence: Peer Pressure and Sexuality"; "What Wives Wish Their Husbands Knew About Women — The Lonely Housewife"; "What Wives Wish Their Husbands Knew About Women, Money, Sex and Children."

Chiropractic Not A Cure All

Many people have asked me why chiropractors claim to cure everything. The real truth is chiropractors do not claim to cure anything. They remove nerve root irritations which interfere with the normal transmission of mental impulses from the brain to various organs. This is why such conditions as asthma, bursitis, common colds, sciatica, bronchitis, and headaches, respond with amazing results to chiropractic care.
