## Entertain Your Friends . . .

. . . in the style you've always wanted in this handsome home located in one of the most preferred areas of Tryon. The setting is faultless. On the outside a large, nicely landscaped yard is surrounded on 3 sides by plenty of trees and on 2 sides by a running stream. Nature's beauty is brought inside by an abundance of large windows. The floor plan creates a nice traffic flow pattern which is accented by a large living room with fireplace, dining room, family room with fireplace, and spacious kitchen with breakfast area. This section of the home gives access to the huge screened porch, just right for relaxing with friends or with a good book on warm summer evenings. This home is as practical as it is elegant. It offers 2 bedrooms, 2 full baths, basement, large utility room, lots of closets, and an attached 2 car carport just 5 steps from the kitchen door. All the extra finishing touches a builder puts into the home he builds for himself are here. The only thing lacking is your own special touch. See this while the summer is young!
