Weather Tuesday: high 85, low 57. Wednesday morning was delightful, but it was supposed to warm up as the day went along.

The heat and drought in the southwest is causing millions of dollars of damage to crops, livestock and poultry. Officials say at least half the wheat crop will be lost in bone-dry Montana. Ranchers are selling off their cattle because there is no grass for them to eat. Poultry farmers in Arkansas were losing thousands of chickens due to the heat.

At Wimbledon, Bjorn Borg set a singles record when he won his 32nd straight victory.

Lots of folks will be on the highway this weekend and we will have to be especially careful.

There will be No Bulletin Friday, July 4th.

Today the Tryon Northwestern Bank staff is inviting everyone to come down, enjoy refreshments, entertainment and get a free flag (as long as the supply lasts.)

Friday will be a big day in Columbus with the Fabulous Fourth Celebration. Activities will be going on all day, climaxed by the fire works that night.

The annual family picnic will be held at Garrison Chapel Baptist Church on the 4th
